

	Makey Makey Standard Kit	Makey Makey v1.2
Microcontroller	ATMega32u4 (same controller as Arduino Leonardo)	PIC18F25K50
Open source	Yes, both design files and firmware are available for download	No
Arduino compatible	Yes, support Arduino IDE and library	No
Stand-alone operation with user's program (without connecting to PC)	Yes, once Arduino sketch is uploaded, can operate with just power source	No , the board is not programmable
Scratch programming	Yes	Yes
Re-mapping pins	Yes, via Arduino sketch	Yes, via web browser
